

At 14 km of the Old national Highway of Patras - Pyrgos we turn left, at the joint with the New National Highway of Patras – Pyrgos...

We keep on straight and in 2 km we will meet a label indicating that by keeping straight, we will

end up in Agios Stefanos village and by turning right we will reach Theriano village. We keep on straight and in 4.2 we reach Industrial Zone of Patras (VI.PE).

At this point there are quite a few labels informing us that if we go left, we will end in Agios Stefanos, Haikali and Isoma villages, whereas if we go right we will reach Achaia's prison, as well as Santameri, Kalamaki and Fostena villages. So we turn right. In 800 m on our left we see the prison. No need to stop here. At 6.5 klm we reach Kalamaki. The labels here indicate that:

The road on the left leads to Haikali. The road on the right leads to Lousika and Alissos. Alissos is the seat of Municipality of Olenia. We keep on straight; we end up in Soudeneika, Pigadia and Santameri. The road is always good, although it is a typical regional road, quite narrow. Thus, you should be really careful and you better not speed up. Fostena village is on our right, at 9 km. It is a good chance to stop here, especially if you feel tired from driving.
